

# INFO1111: Computing 1A Professionalism

Semester 1 2021

## Project 2B

Group Number:

	Full Name	Student ID
1		
2		
3		
4		

## 1. Introduction

*«You should remove this text and replace it with your report contents»*

*«Overview of the contents, purpose of the report and outcome (i.e. what two non-computing electives were selected for each computing major)».*

## 2. Major Allocation

*«Some text as required.....»*

	Name	Major
1	Student A	Software Development
2	Student B	Computer Science
3	Student C	Information Systems
4	Student D	Data Science

### 3. Recommendations

#### 3.1. Computer Science

*«You should remove this text and replace it with your report contents»*

*«Make a case as to why the two selected electives might be the best suited (i.e. most relevant and useful) to be taken as part of the Bachelor of Advanced Computing degree and as a student of the Computer Science major.*

- *Consider what area these electives are from*
- *Consider what the electives are*
- *Consider what knowledge and capabilities will be developed by undertaking these electives*
- *Consider how these electives might complement the knowledge and capabilities developed as part of the relevant major*
- *Consider if the knowledge and capabilities developed by undertaking these electives will assist in your professional career*
- *Consider if there are any opportunities resulting from undertaking these electives»*

### 3.2. Data Science

*«You should remove this text and replace it with your report contents»*

*«Make a case as to why the two selected electives might be the best suited (i.e. most relevant and useful) to be taken as part of the Bachelor of Advanced Computing degree and as a student of the Data Science major.*

- *Consider what area these electives are from*
- *Consider what the electives are*
- *Consider what knowledge and capabilities will be developed by undertaking these electives*
- *Consider how these electives might complement the knowledge and capabilities developed as part of the relevant major*
- *Consider if the knowledge and capabilities developed by undertaking these electives will assist in your professional career*
- *Consider if there are any opportunities resulting from undertaking these electives»*

### 3.3. Information Systems

*«You should remove this text and replace it with your report contents»*

*«Make a case as to why the two selected electives might be the best suited (i.e. most relevant and useful) to be taken as part of the Bachelor of Advanced Computing degree and as a student of the Information Systems major.*

- *Consider what area these electives are from*
- *Consider what the electives are*
- *Consider what knowledge and capabilities will be developed by undertaking these electives*
- *Consider how these electives might complement the knowledge and capabilities developed as part of the relevant major*
- *Consider if the knowledge and capabilities developed by undertaking these electives will assist in your professional career*
- *Consider if there are any opportunities resulting from undertaking these electives»*

### 3.4. Software Development

*«You should remove this text and replace it with your report contents»*

*«Make a case as to why the two selected electives might be the best suited (i.e. most relevant and useful) to be taken as part of the Bachelor of Advanced Computing degree and as a student of the Software Development major.*

- *Consider what area these electives are from*
- *Consider what the electives are*
- *Consider what knowledge and capabilities will be developed by undertaking these electives*
- *Consider how these electives might complement the knowledge and capabilities developed as part of the relevant major*
- *Consider if the knowledge and capabilities developed by undertaking these electives will assist in your professional career*
- *Consider if there are any opportunities resulting from undertaking these electives»*

## 4. Contributions

*« You should remove this text and replace it with your report contents »*

- *How was the group managed?*
- *How did your team work together?*
- *What were some difficulties/challenges you had?*
- *If you were to work with this same team again, what is one (or more?) change the team would make to work together more effectively?*
- *How was the work distributed between your team?*
- *What did each team member do to contribute to the report?*

## 5. Bibliography

*«You should remove this text and replace it with your report contents»*

*«Here you must include references used in your report – these MUST be cited correctly using APA 6th, and you must cite in the text where you use them.>*
